

# STRONG

Trinity is our freight brokerage brand with 70,000 authorized carriers and a full suite of transportation solutions. Our team members have expertise in a wide variety of industries and provide you with control and visibility of your loads. We aim to help you manage your supply chain, reduce costs, and increase efficiencies either by leveraging your team or using our Managed Transportation Solutions. You can rest assured that we will get your product delivered and you will be assisted every mile of the way.

When you peel back the capabilities and technologies of a freight brokerage company, you are left with *people*. At Trinity Logistics, we are people-centric. Our team members are guided by a partnership mentality and eight core values of integrity, determination, continuous improvement, teamwork, leaders, fun, excellence, and legacy.

# TRINITY LOGISTICS MODAL SOLUTIONS

## TRUCKLOAD

Access our network of 70,000 authorized carriers for your dry, temperature-controlled, or flatbed shipping needs.

## LTL

Can't fill a truck? We'll help optimize your smaller-scale shipments. Live track your freight and delivery time so you can manage your inventory with our free LTL software.

## WAREHOUSING

We can assist with cross-docking and transloading, short and long-term service, order fulfillment, and distribution.

## MANAGED SERVICES

Gain control and visibility to your supply chain, reduce costs, improve performance, and increase efficiencies with our Managed Transportation Solutions.

## INTERMODAL

When capacity is tight or your freight needs to move more than 750 miles, rail is a budget and environmentally-friendly alternative to truckload shipping.

## DRAYAGE

We arrange full containers from the port or rail to the consignee and empty containers at the shipper to deliver to the port or rail.

## EXPEDITED

When you need a shipment moved faster than standard LTL allows, our over-the-road or air shipment solutions works with tight turnarounds.

## INTERNATIONAL

Through relationships with freight forwarders, we are your intermediary for your air and ocean dry freight international shipments.
